

GEOSCIENCES

*Semi-Monthly Newsletter for Students and Recent Graduates
from the SLCC Geosciences Department*

Internships, the time to start looking is now!

Are you interested in pursuing a career in the geosciences? Well, you will need some experience first! Gaining professional experience as a student is not as hard as it sounds. By participating in an internship, not only will you be able to gain professional experience but you will also earn college credit at the same time! Enroll in GEOG 2000 while participating in an internship OR while working in the field in order to receive as many as four credit hours towards graduation.

For help finding an internship visit our [internships page](#) and contact:

Dustin Fratto
dustin.fratto@slcc.edu

What do you need to learn?

Are you looking to improve your skills and abilities in GIS? If you are struggling with the development of a specific skill email us at geospatial@slcc.edu. The Geosciences department would like to help you on an individual level to brush up on your skills. Regardless of whether you are currently in the program or are a recent graduate we would love to help you out!

Student Scholarships

Utah Council of Land Surveyors Scholarship:

This scholarship is for students who are studying curriculum that will lead them to a career in the land surveying profession. Interested applicants may apply by completing a UCLS Scholarship Application Form, The completed and signed application form, accompanied by a transcript of all undergraduate work completed, must be received at the office of the UCLS, on or before June 1, to be eligible for consideration. Additionally, two letters of reference from employers or supervisors in the field of land surveying, and a statement from the applicant specifying their educational and career goals, must be included. Follow this [link](#) for more information and to apply.

NISGTC Program Consent Form

*This is for all students who have taken a SLCC course in the Geosciences anytime since Spring Semester 2012

At some point in the last year, you may have enrolled in a course that is part of a federal study being conducted by the National Information Security and Geospatial Technologies Consortium (NISGTC) for the U.S. Department of Labor. We would like your permission to use your information in this study. At no time will anyone other than relevant SLCC personnel be able to connect you to the data being reported. All information reported is de-identified and submitted in aggregate.

Please follow this [link](#) for a full explanation of the study. Once you've read through the document, please select a consent option from the drop down menu (I consent or I do not consent), electronically sign, and submit. Once we receive a form from you, we will remove you from the list regardless of whether you give consent or not. If we do not receive a form, you may receive additional communications regarding this matter. If you have any questions please contact Adam Dastrup or Ashley Riggleman.

Upcoming Events

April 8, 2014 10am-8pm

The [Science Symposium](#) - Hosted by the School of Science, Mathematics and Engineering

What: A showcase of student writing, posters, electronic and oral presentations. (Will include a [Mobile GIS Workshop](#))

Where: Taylorsville Redwood Campus, Student Center

April 16, 2014 8:30am-2pm

[SLCC Job Fair](#) - Hosted by Career and Student Employment Services

Where: Taylorsville Redwood Campus, Lifetime Activities Center

April 30, 2014 10:30am

Geosciences Resume Writing and Job Readiness Workshop

Where: Taylorsville Redwood Campus, IAB 322

May 8, 2014

[Commencement Ceremony](#). Make sure that you include each degree/certificate earned when registering for graduation. Don't let your hard work go to waste!
